Re: Approved Revised Plan "Overburden Dump Area", Holcim (US) Inc., Devil's
Slide Quarry, M/029/001, Morgan, Utah

Dear Mr. George:

Thank you for submitting the updated pages, received April 4, 2002, to be incorporated into Holcim's revised plan. The revision for the "Overburden Dump Area" was approved on March 26, 2002.

We have stamped the revised plan "approved" and are returning one copy to you for your files. In the future, if any changes need to be made to the approved plan, please use the redline and strikeout method on the applicable pages that need to be changed or added.

It has been a pleasure working with you on this project and look forward to a continued great working relationship. If I can be of any further assistance, please do not hesitate to contact me.

Sincerely,

A handwritten signature in cursive script that reads "Doug Jensen".

Doug Jensen
Senior Reclamation Specialist

P.S. We are awaiting the updated maps of the mine area, so that surety for the quarry can be adjusted and brought forward to current year dollars.
